people of the United States and the fundamental values of equality and dignity;

Whereas following the attack hundreds of people stood in long lines to donate blood for those injured in the attack, and the people of Orlando, the State of Florida, and the United States expressed overwhelming support for the victims, their families, and their loved ones regardless of race, ethnicity, religion, sex, or sexual orientation;

Whereas local organizations and caregivers came together with the Federal, State, and local government to support the victims and help the community heal;
